50 CENTS PER MONTH

U. S. CRUISERS MAY GO TO CHINA

Reports of Killing of Bert Hicks
May Cause Orders for Ships
to Make Direct Trip

MINISTER CALHOUN TO PROBE DEATH REPORTS

Second Mutiny of Troops
Likely—Patrols Strength-
ened Against Danger

WASHINGTON, March 25.—The three American cruisers en route from Hawaii to the Philippines under command of Admiral Sutherland may be ordered directly to China, following the receipt of confirmation that the American teacher, Bert Hicks, was killed and his companions, Hoffman and Sheldon, injured in the interior of China. The state department has ordered Minister Calhoun to investigate the rumors.

Story As Told by Wireless
ICHANG, Province of Hupeh, China, March 25.—A telegram received from Wushan, province of Sze Chuan, yesterday, said that three Americans, named Hicks, Hoffman and Sheldon, thought to be teachers, were attacked while exploring the gorges of the Yangtze river in a boat and all three were robbed and wounded. Hicks fatally. Hicks is of Oskosh, Wisconsin, and his father is prostrated by the shock of his reported death.

ANOTHER MUTINY OF
TROOPS IS IMPENDING
PEKING, March 25.—Alarming rumors are in circulation that another mutiny of troops is impending and these reports are causing much anxiety. The patrols which are maintained under martial law, which is still in force, are strengthened in order to preserve order.

The stoppage of the international loan by the four power group because of the action of the government in accepting accommodations from a Belgian syndicate and the non-payment of the soldiers is largely accountable for the fears of a new uprising.

ENGLISH STRIKE LIKELY TO END

Minimum Wage Bill to be Gone
on With—Miners go to Work
to Relieve Families

LONDON, March 25.—There are indications of a settlement of the miners strike in the announcement today by the government that preparations are progressing for further consideration of the minimum wage bill.

FAMILIES SUFFER TERRIBLY— MINERS RESUME WORK

GLASGOW, March 25.—Terrible suffering among their families caused ten thousand Lanarkshire miners to resume work this afternoon. The operators are confident that other strikers will follow their lead.

NATION SUPREME, SAYS COMMISSION

State Lines Not to Interfere
With Justice to Communities
in R. R. Traffic Rates

WASHINGTON, March 25.—The Interstate Commerce Commission in an opinion made public yesterday established the far-reaching principle that a railroad must so adjust its rates that justice will be done between communities, regardless of state lines.

If a railroad makes a low rate upon traffic wholly within a state, even when forced to do so by a state commission, it must accord the same rate to interstate traffic moving under substantially similar conditions. The principle was laid down by a vote of 4 to 3.

The opinion of the majority of the interstate commission, prepared and handed down by Commissioner Lane, is a definite assertion of the supremacy of national regulatory authority over the powers exercised by any state.

Gov. Hunt Bunks In Cell—Probes Prison Status

FLORENCE, Ariz., March 25.—Governor Hunt slept in a cell with a convict in the state prison last night. He spent Sunday in learning prison conditions. He announced today that he will initiate a campaign for convict self-government in prisons, and will demand that the legislature build a new chapel and a library.

Hot from the wire up to 3:30 p. m.

THE WEATHER

Cloudy tonight and Tuesday;
light west wind.

Beryl Williams Falls
50 Feet at Dominguez Today
LOS ANGELES, March 25.—Beryl Williams, the nineteen-year-old Pasadena aviator, fell fifty feet and was severely bruised, the accident occurring at Dominguez this morning. He smashed his aeroplane and his escape from death was miraculous.

Three Men Killed
In Great Northern Train Wreck
SPOKANE, Wash., March 25.—A Great Northern freight train struck a rock slide six miles from Sand Point, Idaho, today, and plunged into a deep ravine, carrying Engineer Wicklin, Fireman Summers and Brakeman Ocran to their death. An engine and six cars were demolished.

ARIZONA WANTS STATE CONTROL

Bill Offered by Senator Wors-
ley to Give State Same Rights
as Municipalities

PHOENIX, March 25.—The first step to permit Arizona to engage in industrial development pursuits was taken Saturday when Senator Worsley introduced a bill giving the state the same rights as municipalities. Speaking for the bill Worsley said: "The state owns vast coal lands, water power sufficient to develop all the electric power necessary throughout the southwest, vast timberlands, and mineral deposits. The only hope to combat a trust is for the people to have a trust of their own resources, and furnish power and other necessities at a minimum cost."

A concurrent resolution was passed thanking Senator Owen and Congressman Flood, "and all who have not forgotten the Declaration of Independence," for helping Arizona to gain her statehood.

GOV. JOHNSON WILL FIND RELIEF FOR 400,000 IDLE MEN

SAN FRANCISCO, March 25.—Relief for the unemployed was promised by Governor Johnson, following a personal visit to the soup kitchens where hundreds are fed daily. Labor Commissioner McLaughlin was instructed to probe conditions and make an official report. Speaking of the situation, Governor Johnson said: "They tell me that forty thousand men are without work in San Francisco, lured here by the idea that the Panama exposition will make work plentiful. Labor organizations recognize the situation, and are doing all possible to stop the influx, but those here now must be cared for. I know no greater work for an executive, and I am determined to bring relief."

CONDUCTOR RESCUES TEACHER FROM GRIP OF UNDERTOW

HUNTINGTON BEACH, March 25.—What might have been a tragedy occurred here yesterday morning in the ocean near Twelfth street, when Miss Ellen Smith, a teacher in the local grammar school and F. L. Jackson, a teacher in the Huntington Beach Union High school, were bathing and both were caught in an undertow in the outgoing tide and carried beyond their depth. The woman could not swim and both she and her escort were swept from their feet and in spite of his every effort could make no

DEFINITELY FIX PLAN TELEPHONE THE COUNTY'S LINE SERVICE FOR FOREST

Orange County Must Take the
Whole of the Gorge of
Seviers Canyon
Project is on Foot for Better
Protection Against Fires
in Mountains

SURVEYOR VISITS MOUNTAIN LION

Fiery Eyes and Lashing Tail
Brought Out Yell, Only
Means of Defense

Orange county will have the hardest of the Seviers Canyon road to build. This was determined by the survey completed Saturday by County Surveyor McBride of Orange county and Deputy County Surveyor A. C. Fullmore of Riverside county. The line was found to be within a few yards of the point that has always been considered as the point where the line between the two counties passed across the canyon. The survey was undertaken to make certain as to the line, for the difference of a mile in its location would make the difference of several thousands of dollars in this county's bill for the building of the road.

The survey definitely settles the point. The gorge of the canyon, where the cost of road-building will be highest, lies entirely in Orange county.

Up to This County
On an air-line the distance from San Juan Hot Springs to the county line where it crosses the canyon is about two and a half miles. Following the windings of the canyon the road will be about five miles. For \$7000 or \$8000 a good passable road can be constructed to the Orange county line. Riverside county long since built most of its road, understanding the board of supervisors of Orange county to say that it would proceed immediately with building its portion. This county never carried out its part of the agreement, but the present board of supervisors seems disposed to take up the neglected work.

The former board of supervisors accepted the report of the viewers, and the road is now a county road, and its improvement may be undertaken at any time. At present there is nothing up the canyon but a trail. County Surveyor McBride had two assistants with him, Warren Hilliard and Frank Walton. They were in the mountains from Monday until yesterday.

Close Quarters

Walton experienced a brief hair-raising visit with a mountain lion. The party of surveyors had agreed to meet Supervisor Leck on the San Juan road, but owing to a heavy rainstorm they had to retire to Carillo's house on the Verdugo potrero. Frank Walton was commissioned to make the journey to inform Leck that he need not wait for the surveyors. Walton got on the ridge in a brushy canyon, through which he could make no progress, and he started to climb back onto the ridge. Turning around, he saw a mountain lion not twenty yards away. The beast was sitting on a huge boulder, his eyes fixed on Walton and his lashing tail the rock. Walton had no weapon, and he did the only thing he could do—he yelled like a pirate. The yell was too much for the lion. He dived off the rock, and it was with considerable relief that Walton heard him crashing through the brush down the canyon.

One day while the surveyors were setting up their instruments, a doe crossed the ridge not 100 yards away. Saturday as they were returning to the Hot Springs, they came upon a buck and two does a short distance from the Hot Springs.

MISSISSIPPI NEAR FLOOD STAGE
NEW ORLEANS, March 25.—The Mississippi is only two feet and one-half below the flood stage. The weather bureau predicts a further rise within the next twenty-four hours, and then a recession unless further rains.

Trout season opens April 1. Largest assortment of fishing tackle in the city. T. M. Hill, 221 W. Fourth.

TRABUCO RANCHER IS ENTHUSIASTIC

Barrett and Wheeler Said to
Approve Plan for Wire
Connection

A plan has been advanced for the better protection of the Santa Ana Mountains against fires. In short, the proposal is to establish a look-out on the top of Old Saddleback with a telephone line from that point to Forest Ranger Burt Stephenson's headquarters at El Toro, and to establish other lines, including one to the San Juan Hot Springs, giving close communication with the national forest.

Forest Supervisor Wheeler of San Diego, head of the Cleveland National Forest, and Lou Barrett of San Francisco, formerly of Santa Ana and now a special inspector of the forest service, have gone over the project with Forest Ranger Stephenson, and it is understood that their attitude is entirely favorable to the scheme.

Protection of the watershed is of vast importance to this county, particularly that portion of it that depends upon the Santiago creek for water supply and those men who used the forest for grazing and apurries. Any step advancing the protection from devastating fires is of great interest. The mountain ranchers are anxious to co-operate with the forest service in carrying out the project.

The establishment of a lookout on the big mountain with telephone connection with the valleys will give protection not only to the Orange County side of the range but also to the Corona and Elsinore sides. The most effective part of the scheme will be that it will give the forest fire-fighters a chance to get to any blaze before it gets well started. With a field glass, the lookout can detect smoke and fire, and by telephone soon have a force of men at work putting out the fire. Should the blaze break in the Santiago, Trabuco or San Juan canyons the telephone would quickly apprise the forest ranger and the fire-fighters along the line of that fact, and as quick as horse-flesh could accomplish that feat the men would be on hand to put a quietus upon the blaze.

Should the smoke come from the Corona or the Elsinore side, the lookout would inform the ranger's station at El Toro, and from that point word would be sent immediately to the men closest at hand to fight the fire.

Andrew B. Joplin, a veteran of many forest fire battles, whose ranch is on the side of Old Saddleback, is enthusiastic over the scheme and the prospects for better fire protection.

"I know of no better plan than this one," he said. "The biggest thing in controlling a foothill fire is getting to it before it has had a chance to spread. With a line up the mountain, and connections at my place, at El Adkinson's place and other places in the Trabuco, we could be gotten out by the forest ranger in a hurry, and a large percentage of fires could be reached and put out before any great harm is done. The lookout with his glass could tell exactly where to go."

"This thing of fire protection is a bigger thing to us mountain ranchers than a good many people of the valley realize. A fire in the neighborhood of an apiary might wipe out the bee pasture and destroy the location for an apiary even though no stands were burned. Our homes and our ranches are in constant jeopardy throughout the dry season. The forest service has been very efficient on our division and we appreciate more than I can say the work of our forest ranger. The telephone service will add the very thing that is most needed for protection against fire."

SCHOOL BONDS CASE ARGUED

This morning in the Appellate Court in Los Angeles Attorneys Williams and Heathman presented their arguments in favor of the writ of mandate in the case brought to test the validity of the \$200,000 polytechnic high school bonds and the \$25,000 grammar school bonds. District Attorney West represented Chairman Talbert of the Board of Supervisors against whom the mandamus action is brought. The case was submitted to the court, and an early decision is hoped for. City Attorney Heathman is sanguine of success.

INDIANA IS. BATTLE GROUND OF FACTIONS

Today's District Conventions Fought
For by Roosevelt and Taft—
Illinois to Act on Primary

INDIANAPOLIS, March 25.—Four district conventions are the battle-grounds today of Taft and Roosevelt Republican factions, both claiming victory. The state convention takes place tomorrow and today's district conventions will decide which will control the state meeting. Taft is apparently leading but the margin of lead is narrow. The Roosevelt forces declare their confidence in a successful outcome.

ILLINOIS WILL ACT ON PRESIDENTIAL PRIMARY

CHICAGO, March 25.—Governor Deneen today called a special session of the Legislature to pass on the presidential preference primary set for April 9.

DEMANDS FOR SPEECHES FROM COL. ROOSEVELT

NEW YORK, March 25.—Requests for speeches by Colonel Roosevelt have been pouring into Roosevelt's headquarters from all points of the country in such numbers that Senator Dixon has been compelled to consider a rearrangement of the program which had been mapped out for Colonel Roosevelt and it is possible that, following the trip to Chicago, St.

FREE SUGAR BILL TO HAVE HEARING

Republicans Expected to Re-
port Adversely—Butter for
Free List

WASHINGTON, March 25.—Hearings on the Underwood free sugar bill by the Senate finance committee will begin Wednesday. The Republican majority is expected to report adversely.

Free Butter Is Proposed
WASHINGTON, March 25.—Chairman Underwood of the House committee on ways and means is planning to take the duty off butter and two or three other necessary food products as the final card in the coming presidential campaign.

PHANTOM BANDITS LOOT AND MURDER

France's Most Dreaded Crim-
inals—Rob Bank, Kill 3 Men;
Escape in Crowd

PARIS, March 25.—The "Phantom bandits," the most feared criminals in France, today robbed the Chanilly branch of the Banc de Societe Generale of a huge sum after killing two watchmen and a chauffeur. They escaped, it is supposed, by donning their disguises and mingling with the crowd that was attracted.

Thousands of dollars in rewards have been offered for the apprehension of the men, who are believed to be the same who are guilty of scores of atrocious crimes.

MAN HIT BY AUTO HAS LEG BROKEN; MOTORCYCLIST HURT AND AUTOMOBILE HITS TREE

While crossing a street late last night, Hugo Friton became confused at sight of an approaching automobile, and stepped back, and was struck by the fender and knocked down. One of the man's legs was broken above the ankle. The machine was driven by Ed. Epperly, who is in no way blamed for the accident.

Friton and his wife were walking across Van Ness avenue at West Fourth street. Epperly was approaching slowly, and the pedestrians had passed clear of the machine. The man stepped back, as though confused, and was hit on the thigh by the fender. The automobile did not pass over him. Epperly secured a physician and took the injured man to the Santa Ana Hospital.

Motorcyclist Injured
Fred Robles of El Modena riding a motorcycle at a dangerous rate of speed ran into Earl Hutchinson's automobile at the corner of Prospect and Santa Clara avenues yesterday afternoon. The motorcyclist received

FLOODS NEAR CREST IN RIVERS

Mississippi Rising Rapidly—
Lowlands Already are
Inundated

STREAM IS FORTY MILES WIDE AT CAIRO, ILLINOIS

Heavy Snow at St. Louis Melt-
ing Adds to Distress; Ohio
Rises; Ice Gorge at Omaha

ST. LOUIS, Mo., March 25.—With the lowlands of Illinois, Missouri and Kentucky inundated, the Mississippi river is forty miles wide at Cairo, Ill. today. Water is flowing over the new government levee at Point Pleasant, Mo., and Hickman, Ky. It is feared the entire section will soon be inundated.

A foot of snow fell yesterday. Warmer weather today following the heavy snowfall has caused a very rapid rise in the river, and floods are imminent. All levees in this section are holding firmly and no damage is expected here unless the river reaches the fifty-foot stage.

Ohio River Rises Rapidly
CINCINNATI, March 25.—The Ohio river today reached the flood stage of 50.2 feet. It is predicted the crest will come to tomorrow, with between 54 and 55 feet. Heavy damage has already been done, particularly in the truck gardening district and hundreds of acres are submerged.

To Dynamite Ice Gorge
OMAHA, March 25.—Dynamite has been distributed to break the ice gorges if the Missouri river continues to rise. The flood state has been reached in many places. There has been heavy snows and the river is ice bound, but warmer weather is weakening the ice, and it is expected to go out momentarily.

Railroad Submerged
CAIRO, Ill., March 25.—It is predicted that the Mississippi will reach the fifty-foot stage on Thursday. It is up to 48 feet today and still rising. The Cotton Belt railway track is submerged. No fatalities have been reported.

20,000 TEXTILE WORKERS BENEFIT

Wages Advance—I. W. W.'s
Menace Peaceable Solution
of Labor Problem

LOWELL, Mass., March 25.—Twenty thousand textile workers were benefited by the increased wage scale effective today. During the last three weeks the wages of one hundred and twenty-five thousand textile workers in six New England states have been advanced 5 to 7 per cent.

Later eleven hundred skilled foreign workmen struck, demanding a 15 per cent increase. The foreigners were recently organized by the Industrial Workers of the World. It is feared the new strike will affect the renewal of peaceful industrial conditions.

MINE WORKERS REFUSE TO
TAKE ACTION FOR STRIKE
CLEVELAND, March 25.—The United Mine Workers have refused to take action on the proposed general strike of coal miners until they learn the result of tomorrow's conference between the bituminous coal miners and the operators.

FIRE THREATENED RETAIL SECTION OF LOS ANGELES

LOS ANGELES, March 25.—A fire this morning gutted the Wilcox building Annex, Second and Spring Sts. and for a time threatened the entire retail district of the city. A loss of \$125,000 was sustained. The building may collapse. The Dean Drug Company was the heaviest loser.

WESTERN PAPERS ALSO
TAKE ON NEW SERVICE
SAN FRANCISCO, March 25.—The United Press has started service for three new clients: The Evening News, San Jose; the Budget, Astoria, Ore.; and the Bonanza, Tonopah, Nev.

Y.M.C.A. WORK ACTIVE FORCE

Charter Membership Roll Will
be Open Until April 1; Plans
for a Banquet

The people of Orange county, and especially in Santa Ana, realize the fullness of the service being rendered to this city and county by the county secretary of the Young Men's Christian Association. Many have come to look upon the Association as meaning a large building with splendid equipment serving its membership most largely through these material things. It is a most welcome surprise to find that it has broadened its field of usefulness and is really getting at the fundamental work of community progress by submerging the Association as an organization and giving itself to the task of stimulation of the natural agencies of a community that they may perform for the community the service which may need to be performed.

The Young Men's Christian Association of Santa Ana was organized on Sunday, January 7, 1912. Temporary officers have been elected to serve until the first of April, when permanent officers will be elected for a year. The officers now serving are as follows:

President, Charles Robinson; vice-president, Samuel Vogt; recording secretary, Leslie Pearson; financial secretary, J. G. Morrow; treasurer, Harry L. Hanson; county secretary, R. J. Hamilton. Committee chairman—Religious work, A. R. Marshall; membership, Loren Mead; boys' work, J. R. Baker; athletic, Martin Warren; social, Charles Parslow; employment, R. R. Smith; advisory, Harry W. Lewis.

The association now has over 200 members and every indication that it will continue to grow rapidly, which reflects a good deal of credit upon the membership committee.

It also shows that the young men of the city are awakening to the opportunity of doing something for the good of others. Men of Santa Ana and vicinity, from the age of 16 upwards, who are interested in working together for the good of others, are eligible to become members. Last Wednesday evening a lecture by Dr. H. W. Wickett of Fullerton closed the series of Wednesday evening meetings so far arranged and the next meeting will be on Friday evening, March 29, which will be in the form of a reception by the Y. M. C. A. to all the young people's so-

112 West Fourth St.

cities and Bible classes and high school pupils 16 years and older, in the parlors of the First Methodist church. This meeting should prove to be a very enthusiastic one and every available member should be present. The basketball series will be closed to morning evening, when the First Methodists will meet the Presbyterians in the championship game, which will also decide which team is eligible for the Y. M. C. A. banner. These games have proved decided successes, a good number of rooters being present to cheer for their favorites. This also testifies to the keen interest and enthusiasm aroused among the members of the association, whether players or not.

The free employment bureau maintained by the Y. M. C. A. and conducted at 401 West Fourth street, by the firm of Smiley & Smith, has been doing some splendid work. Since this department was organized it has been successful in securing employment for fifteen young men, some of them total strangers in the city. This bureau has been in operation only about two months, and is to be highly commended on the results so far attained, and the county secretary urges the co-operation of the business men of the city, which would be a material help, and much could be accomplished by this department. A membership card entitles visiting privileges in any Y. M. C. A. building in the United States.

The need of the association is \$100,000 for a building and endowment. Now is the best time to show interest by filling out an application blank and sending it with one dollar (which is the yearly dues to April 1, next year) to any officer or committeeman. If anyone should wish to join he should get into communication with Loren Mead, who is chairman of the membership committee, and he will gladly call and fill out the necessary application blank.

The first annual banquet (for charter members only) will be held Tuesday evening, April 9th. All who are members at that time can take part in the banquet, which should prove to be a banner event.

PROPOSE TO BUY DREDGER

Mass Meeting Will be Held in
Two Drainage Districts
This Week

The Delhi and Newport Drainage districts are considering the purchase of a dredger, and a meeting was held Saturday morning by the directors of the two districts to talk over specifications and other matters in connection with the proposed purchase. Saturday's meeting was preliminary to mass meetings called for this week. The Newport district has called a meeting for Wednesday night at the Newport schoolhouse and a similar meeting will be held at the Delhi schoolhouse on Thursday night, having been called by the Delhi district. The dredger which it is proposed to buy will cost \$7000. The Newport district has all of its ditches to build, while the Delhi ditches are practical all dug. But the dredger will be used by the Delhi people in cleaning out and enlarging the ditches already dug.

IMPULSIVE INVESTMENTS MAKE MEN POOR

Home Builders tries to be very frank with the men and women who come to it with money for investment.

It is not a bank. It does not attempt to accept money for investment and keep the funds on hand so that it can cash that investment on a moment's notice. Its re-investment of the stockholder's money is mainly in long time, interest-bearing mortgages, building contracts, secured by deed, etc., where time is an element. When it sells its shares to an investor, the money received is put at work immediately, because dividend earnings begin immediately. Now, it can not re-invest that money and still have it ready to pay on demand.

Through "Home Builders General Agency" facilities are provided whereby investors are accommodated under ordinary business conditions, through a re-sale of their shares, affording relief if sudden necessity requires the sale and transference of their "Home Builders" shares into cash. A written guaranty is given, in fact, assuring the use of such facilities.

This re-sale is an accommodation afforded the investor, but to make a business of accepting your money, selling you "Home Builders" shares, with the understanding that you are to have your money on demand, is unfair to you and the other stockholders in "Home Builders."

We do not want to accept an impulsive investment. "Home Builders" is not an impulsive institution. It cannot make a profit for you, on your money, and have its use only sixty or ninety days. If you must have your money on demand, the only safe place to keep it is in a bank, where you can get it on demand—an institution whose business it is to take such care of your money.

If any institution doing business along the line of "Home Builders" promises you your money on demand, they are either not able to truly make "Home Builders" profits, or else, they are taking the money which should of right go into the treasury to be re-invested and paying it to you in order to cash your investment for you on demand. The only way they can cash your investment is to take back your shares and sell them to someone else, trusting that the next buyer will not be as impulsive as you are and want his money.

"Home Builders" first desires to satisfy you of its stability, reliability and honesty. Then it asks your support through the purchase of its shares as an investment. It does not desire that you buy them to speculate on. It cannot give you any contract for the return of your money, but it does, through the "General Agency," assure you that should necessity require, you will have ample facilities for the conversion of your shares into cash or such other relief as will meet your needs.

In addition to the facilities provided for re-sale, the "General Agency" holds an emergency fund of \$10,000 to be used solely in protecting small shareholders from loss through enforced sale.

No one has ever lost a cent through an investment in "Home Builders" shares. The men who are directing and managing its affairs will always strive to maintain such a record by providing such business safeguards as will not only protect you but conserve the interests of the stockholders who stay with the concern.

You need have no question about the good business judgment and safety of "Home Builders" as a source of profit and security for your investment. Put your money in and let it stay where it will grow in earning and volume.

ONE LABOR FIELD BARRED TO WOMEN

Street Railway Official Declares
Women are Impossible as
Conductors, Guards, Etc.

NEW YORK, March 25.—There is one class of work that women will not invade. At least that is the opinion of Frank Hedley, vice-president and general manager of the Interborough Rapid Transit company, who declares that women as street railway, elevated or subway employees are not only "impracticable but impossible."

In the first place, the head of the Interborough operating department declares that the women can not handle crowds.

Hedley is not a woman hater by any means, but when it comes to dealing with the public—why that's a man's job, he says. He declares that women are alright in positions that they can fill but it would be impossible for them to become guards on the elevated or subway trains or conductors or motormen in the street cars.

Woman's faculty of losing control of herself in moments of emergency is sadly against her, he declared.

"Suppose a fuse would blow out and one woman would scream. Another would take up the echo and soon the panic would spread. Would the women passengers pay much attention to a feminine voice piping, 'Please be quiet. There is no danger!'" said Hedley.

"Women have less discipline over women than men have. Women have less confidence in women than they have in men. It's a strange woman that doesn't want men around."

"Yes, they could yell. 'Watch your step' to people getting on and off the subway trains but would they make the people do it? But handling the crowds is only one phase of the work."

"Suppose one of the airbrakes refused to work. What then? A trainman has to crawl under the car and cut out the brake. Do you think a woman could do that? Or if she could and would, do you think the public would like to see her doing it?"

"But really, I don't believe women want to be motormen and guards or even gatemen. If we decided tomorrow to change the whole system and put women in the place of men, I don't believe we could find the material."

"One might think that women would be good ticket agents. They are, where they have nothing to do but sell tickets, but in the subway, the ticket agents have other duties. In the ticket office at every subway station is a switch which controls the emergency valves. By operating it, every car on the road can be stopped."

"The occasion might arise for the use of the valve. Perhaps just then the crowd was the thickest at the ticket window. There may be women who could keep their heads and operate the signal but there are many who would not."

"Just stand for a minute any night about 6 o'clock at any street corner or elevated or subway station and you will see the reason why women cannot invade this game."

Assurance That the Stockholders Have Real Profits to Divide.

"Home Builders" Passed Experimental Stage

IF YOU have considered the above a critical question in choosing a building company investment, you will have no difficulty in finding a definite and satisfactory answer to it by putting "Home Builders" to that test.

It earned, from interest alone, more than it paid out in the four quarterly (three months) cash dividends last year—in fact, earned \$7229 more. This excess interest, together with its net profits, amounted to \$60,000, in round numbers, and was placed in the surplus. The surplus was further increased by the premium received on shares.

"Home Builders" profits above, or aside from, its interest revenue, comes from its building operations, bonuses, etc., and is no small amount in the gross earnings.

"Home Builders" is able to do this from the simple fact that practically every dollar of its capital and surplus (resources and assets) is on an interest earning basis. Likened to any other, said to be similar enterprise in Southern California, there is no comparison in the percentage of money invested at interest earning to its total capital.

The main reason for this flattering condition lies in the fact that "Home Builders" gets in on the mortgage or creditor side—it does not even build one house before it is sold, much less dozens of them. It may loan a large sum for the development of a tract or large parcel of ground, providing it receives sufficient bonus, but it does not do even that, unless the security is ample as well as bonus, and the other fellow holds the responsibility. It realizes that a good mortgage is better than ownership, generally. Wisely placed, there is so much more margin between value and amount invested that the stockholders' money is safer than if it attempted speculation through ownership and sale.

Herein "Home Builders" is widely and wisely different from other building or investment companies.

Don't you think it's safer, too? Of course you do. You can surround your money with this sort of safety

fully equal to that of transacting your own affairs in your very limited capacity—"In Union there is strength" if it's "Home Builders" Union.

**That is why shares
will advance to
\$2.60
on April 1st**

FIGURES take on personal meaning when considered from "Home Builders" side of the fence—you do not need imagination to know what the result will be when this company doubles its present resources of \$1,297,226.99.

With the entire present resources, practically, earning a big rate of interest, secured by mortgage, trust deed, stocks or bonds, and more than enough to pay cash dividends, just stop and consider what it is fast becoming.

When you invest in "Home Builders" shares you do so with a deep sense of security because you know what results will accrue from its use of your money.

How much better, safer, saner it is to put your money in the keeping of a proven concern than to take the risks incident with inexperienced and younger enterprises, especially when they take large risks and where so much of the working capital is only on half pay—living on prospects of future sales, future increased values.

"Home Builders" has never in all its life been a speculator, as has been shown. It started and has kept on the creditor side—the mortgage side, of each transaction. When it becomes a concern of five to ten times its present size it will still be adhering to the same safe plan.

Think of what your stock will be worth then. Consider the dividends you will have earned in the meantime. That is not hard to surmise, when

during its first four years its shares have earned \$60 for every \$100 invested and the \$100 has a market value of \$225.

**Guaranty Shares
now \$2.55**

WISDOM says to buy "Home Builders" shares at once. Safety and profit will counsel holding on to them. If you can't pay all cash, you can take advantage of the monthly payment plan. This is simply an arrangement that enables you to procure them at present price. No penalties for paying for them faster than the terms of payment. The monthly plan of buying shares is just as commendable a way to make your savings work as the purchase of a home on payments.

The guaranty given by the General Agency is added protection, through supplying agreed facilities for the resale of your shares should you find their conversion necessary, at the same time guaranteeing at least 8 per cent earning on your principal.

You can't honestly ask fairer, squarer or prompter treatment than you'll receive as a "Home Builders" stockholder, so come right along with your subscription.

A GREAT RELAY ENDS FIELD MEET

Santa Ana High School Ath-
letes Defeat San Diego by
Score of 72 to 50

IN FIRST EVENTS
THE VISITORS LED

Relay Taken by a Scant Yard
—Coach Ratcliffe Has an
Excellent Bunch

(By F. H. Mitchell.)
"Oh, you relay!" was an ex-
pression heard after the most successful
track and field meet ever held in
Santa Ana was pulled off, with the
representatives of the Red and
White victorious over San Diego by
a margin of 22 points, the score be-
ing 72 to 50 in favor of Santa Ana
High School.

The relay, which was the prettiest
race of the day, had been doped to
San Diego on past performances,
for her runners gave Santa Ana an
awful drubbing when the locals vis-
ited the southern city five weeks
ago. The local sprinters went into
the race with the intention of doing
their best, which was good enough
for anybody, as was found out just
one minute and forty-two seconds af-
ter the race had started.

Ec Lacy was given the first lap
against Devendorf, the southerners'
fastest distance man, and this was
one of the prettiest parts of the race.
Lacy jumped into the lead, and kept
it for the first hundred and fifty
yards, but lost his lead here, the
southerner coming up on even terms
with him, and thus is the first quar-
ter of the relay ended. Ec is consid-
ered the prettiest and one of the best
runners in the school. Fouts for the
locals took up the race here, but the
little fellow could not keep up with
Jenson, the long legged sprinter from
the South. "Shorty" Smith took up
the third section of the race, with

Join the Santa Ana Roosevelt Club

Every man and every woman in Orange County, who is eligible to register,
and who desires the nomination of Theodore Roosevelt for President is urged to fill
out the following blank and mail it to THE REGISTER, SANTA ANA, CALIF.

N. B.—And get your neighbors and friends to sign. Fill the blank full of names.

I hereby subscribe myself a member of the Santa Ana Roosevelt Club,

Name

Address

San Diego about four yards in the
lead. "Shorty" showed his sprinting
qualities here when he picked up
that four yards and gave Youngman,
the "Texas Cyclone," an even start
with San Diego's best short distance
man, and here was the battle royal,
for Youngman had been beaten
twice by Waite before, and was de-
termined to win here if ever he was
to win, and he did by a scant yard,
amid the cheers of his school-mates,
who nearly went crazy over the re-
sult. The relay runners were the
heroes of the hour.

The southerners must have thought
that Orozco and his Insurrectos had
struck them when Santa Ana began
to climb after the first four events.
At that time San Diego had taken 26
points to the locals' 10.

Eight points were grabbed by San-
ta Ana in the half century, four in
the shot put, six in the 120 yard hur-
dles and eight in the century sprint.
Up to this time Santa Ana had taken
only one first place and that was in
the shot put.

After the century dash the Santa
Ana boys began to get a little more
life in them, and scored some points.
Fouts, West and Swanner had an
easy time in the pole vault, not be-
ing forced to go their limit, and took
all nine points for the locals. This
put the locals up to within seven
points of the visitors.

Adkinson, Bates and Keech, in the
mile, then put Santa Ana in the lead
by the narrow margin of three points.
Keech deserves much credit for the
one point that he won, for the last
half mile the game boy forced him-

self across the line amid a great vol-
ume of cheers from his school-mates.
Keech beat out San Diego by a small
yard.

The score lead was increased a lit-
tle on the high jump. Smith for San-
ta Ana and Jensen of San Diego tied
for first. Here came the surprise of
the meet, "Tiny" Barker taking sec-
ond place in the high jump. Nobody
knew that the big fellow could jump
so well, but he went over as pretty
as any of them.

San Diego came back in the quar-
ter-mile dash and regained the lead
by a four point margin. The Or-
ange county record was broken in
this event. Devendorf of San Diego
made the distance in the fast time
of 53.25 seconds, taking two seconds
off the record.

The little joys were hanging all
around the San Diego camp, but in
short notice they were discharged
and little glooms were hired to take
their place, for the Red and White
came back strong in the broad jump,
taking eight points, and also taking
eight points out of the 220 hurdles,
in which Wilcox and Fouts were the
winners for Santa Ana.

The discus went to San Diego,
their representative, Smith, throwing
the round thing out 100 feet and 10
inches, the farthest that it has ever
been thrown on the local field. San-
ta Ana took second and third.

The next race, the 200, was, next
to the relay, the prettiest race of
the meet. The three leaders finished
so close that it was hard to pick the
winners. This race went to Waite
of San Diego, Youngman second and
Smith third.

In the half mile Adkinson, the lo-
cals' crack long distance man, again
showed that he has the stuff by win-
ning the half in the good time of 2
minutes and 10 seconds. West took
second and Bates third. Adkinson
is one of the best mivers ever brought
out by Santa Ana.

The next race was the relay, which
was, as said before, the most excit-
ing race of the meet.

The relay ended one of the hard-
est fought meets ever held in Or-
ange county, and the people of San-
ta Ana should be proud of the boys
who represented the locals in the
contests Saturday at Lincoln Park.
The San Diego boys were a nice
bunch of fellows, all out for clean
sport, and the locals tried to show
them the best time they ever had
away from home.

Coach Ratcliffe has a bunch of
boys in whom he can take pride.
The athletes have shown the result
of his good training.

The summary:
50-yard dash; time, 5 2-5 seconds.
Shot put; distance, 41 feet, 5 1/2
inches.
120-yard hurdles; time 17 1-5 sec-
onds.
100-yard dash; time 10 2-5 seconds.
Pole Vault; height 9 ft, 2 inches.
Mile Run; time 4 minutes 58 sec.
High Jump; height 5 ft, 6 inches.
440 Yard Dash; time 53 3-5 seconds.
Broad Jump; distance 18 ft, 10 in.
220 yard hurdles; time 28 3-5 sec-
onds.
Discus; 100 ft, 10 inches.
220 yard dash; time 24 seconds flat.
280 yard run; time 2 min. 10 sec.
One Mile Relay; won by Santa
Ana, time 1 min. 43 sec.

NOT SET PRICE WALNUTS IN ADVANCE

New Association is Incorporat-
ed Last Week Along Orange
Exchange Lines

NO FEAR OF A
FEDERAL INQUIRY

Stutsman Confident There Will
be no Violation of Anti-
Trust Law

Representatives from the walnut
associations of Orange county have
been taking part in the reorganization
of the general association. The
new organization is incorporated as
the California Walnut Growers' Asso-
ciation, the plan being to work with
this organization as the orange asso-
ciations work with the exchange.
Hereafter there will be no setting of
a fixed price in advance.

The growers who have been in
touch with the reorganization have
every faith that it will work out suc-
cessfully. Past experience has shown
the weaknesses of the old system, and
the new organization will cor-
rect those weaknesses.

The following article from the Los
Angeles Times this morning:

In the view of the officials of the
California Walnut Growers' Associa-
tion the threatened Federal investiga-
tion of an alleged walnut trust has
come either too late or too soon. The
old organization by which prices were
set the first of every season is prac-
tically disbanded and a new organi-
zation now being completed as yet
has done nothing in the way of mar-
keting that can be called a violation
of the Sherman anti-trust law.

The old system of fixing the price
was kind of gentleman's agreement.
In September of each year represen-
tatives of the various walnut grow-
ers' associations of Southern Califor-
nia, about twenty in number, gather-
ed in this city and discussed the mar-
ket situation and the probable im-
portation of walnuts and made esti-
mates of the crop then on the trees.
An agreement was reached as to
what the price ought to be, and then
each local association was expected
by the gentlemen's agreement, to de-
cline to sell under that price.

Crop Underestimated
This system did not prove entire-
ly satisfactory for, as last year, an
underestimate of the crop would
prove disastrous. Last September
the price was given out as 14 cents a
pound. When the crop came in there
was about 20 per cent more than ex-
pected and the 14 cents could not be
maintained.

Then, also, there always hung over
the heads of the associations the
threat that prosecutions might be be-
gun under the Sherman act or the
Cartwright act of California. That,
however, was not the direct reason
for the reorganization, a conference
concerning which was held in this
city a month ago. The real reason
was the dissatisfaction with the old
system of marketing.

The new organization is the Califor-
nia Walnut Growers' Association,
articles of incorporation of which
were filed in the county clerk's office
last week. This association becomes
the selling agent of the various local
associations, which hitherto have
sold walnuts individually, but with a
uniform price for all except when
some association jumped over the
traces and violated the gentlemen's
agreement.

The new organization will work
along the same line as the orange
growers' associations and exchange
without fixing prices in advance. It
will market the crop by S. O. B. or-
ders and sales delivered, according to
orders, but with the power to hold
for better prices than those that
might prevail at any particular time.
Purely Co-operative

The California Walnut Growers'
Association has no capital stock and
is purely co-operative, the local as-
sociations being assessed for its ex-
penses. Each association will have
one vote in the selling agent associa-
tion for each ten cars of its crop.

There are eleven directors. Last
week C. C. Teague of Santa Paula
was elected president and F. A. Har-
ard of Whittier, secretary, and head

quarters have been established at 313
Fay building. The completion of the
by-laws will take place at a meeting
to be held on March 24.

This organization has been per-
fected under careful legal advice and
the growers are confident that its
procedure will in no way violate
either the Sherman act or the Cart-
wright act. That point has been
carefully looked into and the organi-
zation was formed with an eye to
the anti-trust laws, though its main
object was to get an organization that
would give satisfactory service to the
associations, which comprise about
40 per cent of the growers of the
state.

"The old organization is practically
out of existence," said Judge A. H.
Stutsman, president of the Santa Ana
Valley Walnut Growers' Association,
who for many years was one of the
foremost attorneys of Iowa and is
now retired to walnut, apricot and
orange growing at Tustin. "I am
confident that the new organization
is not in violation of any anti-trust
law. Our plan differs widely from
the old organization and from the
plan followed by the bean growers' association."

There was some talk several
months ago that each local associa-
tion might be construed to be an un-
lawful combination of growers, but
the contention has not been taken
very seriously and no fear of a fed-
eral investigation on that score is
felt, for the reason that the local as-
sociations do not exert an interstate
influence, being formed merely for
the convenience of growers.

The case of the lima bean grow-
ers is entirely different, according to
the report of special federal agents.
It is charged that the method em-
ployed in marketing the lima bean
crop is not based on the law of sup-
ply and demand, but upon arbitrary
figures fixed by the business agents
of the growers. It is asserted that
the growers can force the produce
firms to pay the price asked, and
that the few independent growers do
not dare to incur the ill-will of the
alleged trust by selling for prices
lower than those fixed by the Lima
Bean Growers' Association.

Pursuant to the investigation now
in progress by U. S. Dist. Atty. Mc-
Cormick, it is possible that the of-
ficers of the association will agree to
dissolve the organization. If this is
not done it is predicted that prosecu-
tions will be instituted by the De-
partment of Justice upon the ground
that the Sherman anti-trust law has
been violated.

The investigation, which has been
in progress for some time, has been
practically concluded and is in the
hands of the United States district
attorney. He has not indicated what
course he will next pursue, probably
owing to a disposition on the part of
the government to allow the bean
growers time to comply with the law.

FOLKS PAST FIFTY MUST USE CASCARETS

What Glasses are to Weak Eyes,
Cascarets are to Weak Bowels—A
10-Cent Box Will Truly Amaze You

Most old people must give the bow-
els some regular help, else they suffer
from constipation. The condition is
perfectly natural. It is just as natural
as it is for old people to walk slowly.
For age is never so active as youth.
The muscles are less elastic. And the
bowels are muscles.

So all old people need Cascarets.
One might as well refuse to aid weak
eyes with glasses as to neglect this
gentle aid to weak bowels. The
bowels must be kept active. This is
important at all ages, but never so
much as a fifty.

Age is not a time for harsh phys-
ics. Youth may occasionally whip the
bowels into activity. But a lash can't
be used every day. What the bowels
of the old need is a gentle and na-
tural tonic. One that can be con-
stantly used without harm. The only
such tonic is Cascarets and they cost
only 10 cents per box at any drug
store. They work while you sleep.

Millinery Opening and Fashion Show

HIGHER STANDARDS FOR LEGAL PROFESSION

Judge E. W. Hinton's statement before a legal club at the University of Missouri, that the higher efficiency and better standards of the legal profession is one of the chief factors in the reform of criminal procedure is an element in the problem that is frequently overlooked. After all it is the men who run the system, whatever it is, that determine its success or failure. The recent advance in standards of admission made by leading law schools, of which Missouri University is one, is a step toward the solution of court procedure problems. The theories of today, inculcated in students at the universities, become the practice of tomorrow. The rise in general information has forced the lawyer, the doctor, the preacher, the editor, and all professional men, onto higher ground. It takes more and better training to be a leader than it did formerly.

"The general theory in many of the states," said Judge Hinton, "seems to have been that judges were likely to prove dangerous and that their hands should be tied. To this end the judge was not allowed to orally charge the jury after the concluding arguments of counsel, and was shorn of much of his power. The result is to place more power in the hands of the jury, without the salutary balance of power in the hands of the judge which had always marked the system when it was operated at its best. The chief difference between American and English criminal procedure is that the judge has more power in England than he has here. English judges have more discretionary powers than have our trial judges.

"Not only are they more powerful, but they are paid salaries that attract more capable men. For instance, the Crippen murder trial, cited frequently as an instance of the rapidity of English court procedure, was tried before the chief justice of England himself, a man paid fifteen times the salary of the circuit judges in Missouri."

Judge Hinton urged better standards of efficiency for lawyers, and said that where there is a learned bar the court gives more satisfactory results, and that with a low standard of training for the legal profession the results, no matter what system was used, would be unsatisfactory.

"Our system is not perfect," he said, "but no matter what the system, one of the chief factors in good results from the courts is a highly trained and efficient bar."

LIVING COST IS HIGH EVERYWHERE

Special inquiry made by United States consuls, at the direction of President Taft, indicates that throughout the leading nations of Europe there has been a marked increase in the cost of the common necessities of life within the last few years. This increase averages greater than gains in wages received by workmen. It is a problem with which all the great nations are wrestling. Various causes are assigned. Indeed, it is almost impossible to get an intelligent consensus of opinion as to the chief causes.

Certain conditions are known to contribute to the elevation of the cost of living. For instance, it is known, here in the United States, that the increase in production of agricultural staples does not keep pace with the increase of population. The logical result, of course, is higher prices for foodstuffs.

But another and even more portentous causative condition exists for forcing skyward the prices of necessities. The existence of great corporations, combines and pools, which have the power to manipulate visible supplies of foodstuffs and of manufactured articles and to sell or withhold from the market as suits their money-making will, is a tremendous factor in boosting the cost of living and keeping it suspended between heaven and earth. If the law of supply and demand were left to its natural normal operations, it would suffice to ameliorate conditions. But corporations and capitalists take the supply end of the law and manipulate it in such a way as to stimulate the demand end to their pecuniary advantage. If wheat is low, they will hold vast quantities until the temporary shortage, caused by their withholding, forces prices up. Then they unload. And the "ultimate consumer" must pay the profits of speculative gamblers. So with other trust-controlled and speculatively manipulated articles and products of common necessity. In casting about for ways and means to bring relief,

A Word to Our Women!

ADAPTED FROM THE RIVERSIDE ENTERPRISE.

We are not all interested in the tariff. Give us editorials on more interesting and lighter subjects, writes a woman reader to the Register. Very well. The most interesting subject in the world is woman. One could hardly call her a light subject, for she is the weightiest matter of creation. Woman is man's chief study and only real reward for achievement. For her the siege of Troy was, Crusades waged, the pyramids raised. And until the last dawn fades before our eyes of the last man when the dying sun sends no warmth for humans, woman shall not fall man as companion, guarder and heartsease.

What she will endure for her beloved, he promises, husband or son, has not been set down in the annals of suffering, for it is ultimate. The word unselfish could not have been fashioned save with a knowledge of woman. It does not exist for man alone.

War's horrors are mostly reserved for woman. In the front of battle when the drum beats the wild alarm, or the bugle sounds the charge, man is superb. In the hospital where the wrecks of war moan and toss, woman must feel every pang of the wounded.

In the homes where she awaits the death list, her grief is immeasurable. Long after the marching regiments are disintegrated, the battle flags furled, and the peace pact dry, woman—the mother, the wife, the daughter—must in anguish tend the derelicts of war. She must view in tears the rapine of mind and morals wrought by war, the havoc of hurtful habits and ended ambitions. For her the hateful tocsin peals always.

No mirage of glory beckons her on nor cheer of comrade urges to deeds of daring. Her days are dreariness and her nights of woe. Yet was she ever lacking when duty demanded sacrifice? Did she not send her sons to free the slave, and to tear the fetters from the Cuban serf? She would do so again.

Today she is in a new struggle, bloodless but of more account to her than ALL the vicarious conflicts she has undergone.

Here and there throughout the country she has been given the ballot which was hers by right since first wrested by her brothers from begrudging power. In California it is hers. In this state it was yielded to her—let her remember this—by the

these evils must be remedied by the government before permanent relief can be had.—Long Beach Press.

HOW TO GET GOVERNMENT PUBLICATIONS

No doubt most people interested in useful reading matter will thank us for information, obtained through official sources, as to how public documents can be procured with least trouble and at trifling expense. The idea that prevails most generally, that this class of literature may be secured through the courtesy of members of congress, is correct only in so slight a degree that it had best be corrected. There are nearly five hundred senators and representatives—hence an edition of several thousand copies, if distributed pro rata, gives to each only a few copies. Some of these the senator or representative needs for reference, the few left over are soon exhausted, and those constituents who then write for them are necessarily disappointed, through no fault of the public man whom they have addressed. Now, as a general proposition, the reader who is interested in a government publication will serve himself best by addressing the official known as the Superintendent of Documents, Government Printing Office, Washington, D. C., who is authorized to have reprinted any government publication for which there is a demand, and sell the same, at cost, to all applicants. He will mail price lists, divided by subjects, free upon application, and remittance can then, as required by law authorizing such sales, accompany order.

NOT A "SQUARE DEAL"

The Los Angeles Express aptly and concisely states one of the significant facts of the pre-convention campaign as follows:

"All over the state the progressives are organizing in support of Roosevelt. All over the state the reactionaries are organizing in support of Taft. The reactionaries will take part on absolutely equal terms with the progres-

first progressive legislature ever here. Let her recall that the men who today stand for Taft, the newspapers which are for Taft, refused her this precious ballot. That here in California, as all through the Union, the same men and interests which fought her demand for the franchise, are now aligned for Taft. That those courageous men who freely made her their political equal, are the men who lead the fight today for Roosevelt and progressivism.

PROGRESSIVISM hails woman as its ally. It greets her as a natural foe of corruption, of wage-starvation, of exploitation of the poor by Big Business. It sees in woman's enfranchisement the long-looked-for opportunity to drive from its entrenchments Special Privilege, graft and capitalized immorality and drunkenness. There is no hope for woman in alliance with reaction. She must change the condition which she deplores, by political action, by affirmation, and by a mighty stirring up of the depths of society. Whatever the worth of William A. Taft personally, his administration has but sought to dull the conscience of the public. Were it not for the PROGRESSIVES, for the movement which is now led by Theodore Roosevelt, and which had its birth during his presidency, these United States would be sunk in the slough of political depravity and economic despair, from which they were aroused by the discipline of the strenuous life.

Today woman in California has come into her own. It is for her to take possession of the weapons in the political armory, and to make this commonwealth the scene of victory for all those laws and observances she holds dearest.

As she suffered for her men when they plunged into the smoke of war, so now she may lift them to higher levels of government, morals and happiness.

The Register believes that the women of Orange county are arrayed against the forces of evil in the nation, and that they will recognize in Roosevelt their best friend and bitter enemy of these forces.

Let women look back upon Roosevelt's career, and know him for the constant opponent of wrong. Let them rally now to his cause, and with their aid, there will be won, at least here in California, a success which will hearten the good everywhere.

sives in the presidential primaries they would not themselves give the people the right to hold. They will have full power to express their preference for Taft, although in states where the party organization is controlled by Taft's supporters, the progressives are denied all opportunity to express their preference for Roosevelt.

OBITUARY

FREDERICK JOHN HEIL

Frederick John Heil was born in Le Fargeville, Jefferson county, New York, Nov. 4, 1828, and died at his home in Santa Ana, Cal., March 21, 1912, aged 73 years, 4 months and 17 days. At 21 years of age he moved with his parents to Brandon, Iowa, where he resided for one year and a half. In the year 1860 he moved to Big Springs, Kas., making the journey overland by ox team. On March 4, 1861, he was united in marriage to Miss Louisa Rohr. To this union were born one son and three daughters. In the autumn of 1882, with his wife and family, he moved to Santa Ana, where he has resided for 29 years.

At the age of 15 he was converted and united with the German Evangelical church, of which he remained an acceptable member until 17 years ago, when he severed his relation with the Evangelical church and became a charter member of the Free Methodist church in Santa Ana. He came into the experience of sanctification one year after coming to California and retained the experience until the time of his death. In all his relations to the church, his high ideal has been the strictest loyalty to God, to the church and to his fellow man. Modest in disposition, simple in his choices, and benevolent to every needy cause, have been the leading characteristics of his life.

The burden of his prayer for many years has been: "O Lord, I have promised never to doubt thy grace." During his last illness, he repeatedly testified that he found peace in trusting, not in anything that he had done, but in the atoning merits of Jesus' blood. His last words were: "You may now pray."

The sacred writer has said: "Blessed are the dead who die in the Lord, they shall cease from their labors and their works do follow them." A good man is dead. Shall we mourn? In his last testimony in this room he said: "Weep not for me for I am all right." And why should we weep, when he has spent his life in devotion to the cause of God, and from a generous heart has blessed his fellow man by the way, has lived out his allotted time, has died happy and gone to be forever with his Lord.

He was preceded in death by two brothers, Louis A. and George, and by two daughters, Mary Louisa and Mrs. Henrietta Theresa Gruenewald. He leaves to mourn his departure three brothers, Peter of Topeka, Kas., Leonard A. of San Antonio, Tex., and Joseph C. of El Centro, Cal.; two sisters, Mrs. Louisa Boyd of Orange, Cal., and Mrs. Katherine Schaffer of Topeka, Kas.; his wife, Mrs. Louisa Rohr Heil, one daughter, Mrs. Ester Elizabeth Frankhauser of Portland, Ore., and one son, Chas. Frederick, of Santa Ana.

SECOND OF SERIES OF DANCES SUCCESS

HUNTINGTON BEACH, March 25.—The second of the series of dances to be given during the present winter and spring at the Huntington Inn occurred here Saturday evening and was largely attended, a number of Los Angeles people forming part of the dancers. Among these were Alex Mills and daughters, Misses Nita and Louise, and Shirley Meserve, Mr. and Mrs. Evan Mosher and Mrs. Evan Mosher, Jr.

CAUSE FOR ALARM

Loss of Appetite or Distress After Eating a Symptom That Should Not be Disregarded

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Santa Ana who suffer from any stomach arrangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any case who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Or, in chronic cases, length of treatment varies. For such cases, we have two larger sizes, which sell for 50c and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Wheeler and Mateer Drug Store, 104 West Fourth street.

A. W. L. Women's Exchange moved to 304 North Main, two doors south of Bell Theater. Home cooked food Wednesday and Saturday of each week.

SILVER SPOON coupon in every sack of flour, corn meal, Graham whole wheat and wheat Germ having name of Olive Milling Co.

Young Napoleon of Finance "Why, Willie, where did you get all that money?" "Well, ma, when you sent me to the dentist this morning I charged the gang 10 cents apiece to see me get the tooth pulled."—Judge.

EXTRACTS FROM COL. ROOSEVELT'S SPEECH FOR RULE OF THE PEOPLE

The leader for the time being, whoever he may be, is but an instrument to be used until broken, and then to be cast aside; and if he is worth his salt, he will care no more when he is broken than a soldier cares when he is sent where his life is forfeited in order that the victory may be won.

I am not speaking jokingly nor do I mean to be unkind; for I repeat, that many honorable and well-meaning men of high character take this (Mr. Taft's) view, and have taken it from the time of the formation of our nation. Essentially, this view is that the constitution is a straight-jacket to be used for the control of an unruly patient—the people.

I contend that the people, in the nature of things, must be better judges of what is the preponderant opinion than the courts, and that the courts should not be allowed to reverse the philosophy of the people.

As for "consistency"—why, the record of the courts, in such a case as the income tax, for instance, is so full of inconsistencies as to make the fear expressed of "inconsistency" on the part of the people seem childish.

Doings In Social and Club Circles

W.C.T.U. to Elect Officers

The Santa Ana W.C.T.U. will hold its annual meeting and election of officers, postponed recently on account of heavy rain, will be held on Tuesday, March 26, at 2:30 p. m., at the home of Mrs. H. C. Davies, 1413 Spurgeon street. Miss Belle Rogers, the W.C.T.U. Parliamentarian will conduct the election.

Mrs. J. T. Raitt, the corresponding secretary, will give the annual report showing what has been accomplished during the year. Mrs. Ramsey will give the treasurer's report. As a number of the members have not paid their last year's dues the books will be kept open until after this meeting that every one may have an opportunity to help square up the year.

A Musical Enterprise

An enterprise that is well deserving of the support of the people of Santa Ana is the general which was organized by the boys of the high school some time ago.

For a few weeks past they have been under the instruction of Prof. Haynes and have made marked progress as has been shown by the improvement in their playing at the recent athletic meets.

It is not intended to limit the membership to the high school, but players from the grammar schools who are sufficiently advanced on any band instrument are especially invited to join, and a general invitation is given to any band men outside of the city schools to come to rehearsals and take part.

There are needed, players on piccolo, E-flat and B-flat clarinets, saxophones, alto, tenor (or trombone), baritone, bass, and snare drums. Anyone playing any of these instruments and wishing to join the band are asked to call on phone Red 1976. The next rehearsal will be at 7 o'clock Tuesday evening in the Commercial High School building.

At Home for Vacation

The following Occidental students are at home for the annual Easter vacation: Misses Eva Osborn, Edith Tibbels of Santa Ana, and Florence Flippin and Miss Thompson of Orange; Messrs. William Call, Leroy Dole, Robert Magee, John Henderson and Donald Smiley of Santa Ana, and Mr. Kennedy of Tustin.

James and William Smart and Leroy Warren, other of the Santa Ana contingent at Occidental College, went north to the Stanford track meet and to attend the student Y. M. C. A. convention at Pacific Grove.

Brotherhood Lyceum

A lyceum will be held in the church parlors of the First Congregational church tomorrow night at 7:30 o'clock by the men's brotherhood of that church. The principal feature of the lyceum will be a talk by A. J. Crook, clerk on "Impressions of Florida and Cuba," and an address by Prof. Emory Ratchford on "Some Ideas for Our City." Maurice Phillips will sing.

It will take time, of course, but we believe the majority of parents will finally discover the economy of regular, uninterrupted musical work for the child.

Our most successful pupils are the ones who are not allowed to skip a week or two between their terms. We arrange our vacations so as to give ample relaxation and recreation to both teachers and pupils. Our Easter vacation will extend from April 8th to 15th. Remember the Conservatory is closed every Thursday for a mid-week holiday.

504 1/2 N. Main St., Main 214.

ATHLETIC SOCIETY GIRL

Miss Ruby Dunn of Santa Monica is a young society woman who has smashed the theory that a girl cannot successfully throw a ball. Yesterday forenoon she made a world's record for women by throwing a baseball 68 yards, two feet and one inch. The throw is considered remarkable. The longest masculine throw on record is that made by Harry Twitchell in Chicago in 1889, Twitchell throwing the ball 135 yards and 2 feet.

Miss Dunn is a graduate of Santa Monica high school and was a prominent member of the athletic teams of that school. She uses a long sweeping motion in throwing the ball, putting her weight behind the movement.

In Honor of Classmates

Mr. and Mrs. Justin Copeland had as week-end guests Mr. W. D. Storey of Santa Cruz and Rev. and Mrs. H. Colman of Milwaukee.

In honor of these guests who were classmates of Mr. Copeland in the class of 1857, Lawrence University, Appleton, Wisconsin, as one of the events of their visit, Mrs. Copeland served a substantial 12 o'clock dinner Friday at which covers were laid for the guests of honor, also Mr. Copeland's sister, Mrs. O. W. Lay of Los Angeles, of the class of 1860, and Rev. and Mrs. J. A. Stephenson, pastor of the First Presbyterian church of Santa Ana.

Conservatory Musicale

A number of Mr. Gustlin's pupils presented a charming program consisting of classic and modern compositions at the Orange County Conservatory of Music Studios on Saturday afternoon.

Beethoven, Schubert, Mendelssohn, Chopin, MacDowell, Schumann, Kjerulf, Schwanenka, Spindler and Padewski were some of the composers represented.

Most of the program consisted of piano numbers, but Miss Mary Wilkes and Mrs. Russell Coleman contributed vocal numbers that rendered the afternoon the more enjoyable.

Santa Anans in Redlands

Miss Margaret Lacy came down Saturday evening from Redlands for an over Sunday stay with her family and on her return to Redlands last evening was accompanied by Miss Frances Emame, who is associated with Miss Lacy in the ownership of the Redlands Business College. Miss Emame will begin teaching in the business college at once and will aid in achieving the success that these young women will merit.

Mrs. Emame was formerly of the faculty of Orange County Business College, later taking a position in the Register office as bookkeeper. She is well equipped for the work she now takes up with Miss Lacy, who is of the best known and successful business college women in Southern California. Redlands will have a first class business college with these two competent women at its head, and students under their instruction may be considered fortunate.

AMUSEMENTS

Grand Opera House

Alice Lloyd, famous vaudeville headliner and the most popular leading lady in the English Christmas pantomimes, will make her first appearance in Santa Ana at the Grand Opera House Thursday, March 26.

Miss Lloyd will be seen in that merry comedy with music, "Little Miss Fix-It." The plot of the play deals with a young married couple who love each other so devotedly that they indulge in one of those "I'll never speak to you again!" quarrels peculiar to that blissful period just before and immediately after marriage. The wife determines to forget her own sorrow in the noble endeavor to make others happy; so she proceeds to "fix" it for all her friends who are either in love or, according to her ideas, should be. Of course Miss Fix-It attains her worthy end, but not until amusing situations, clever lines, tuneful songs, pretty girls and lovely stage pictures have combined to furnish an evening of thorough enjoyment.

At the Bell tonight, Tuesday and Wednesday nights, "The Crawford Trio" in a comedy playlet, running 20 minutes, and carrying their own special scenery will be the "Headliner" and a big number for the first-of-the-week show, and with four of the latest picture plays, the show is certain to be worth more than one can possibly pay to see.

Coming to the Temple next Monday April 1 and remaining for three nights will be shown the "Raising of the Maine" and will prove a big drawing attraction as every one, old and young will want to see this wonderful picture. There are over 2000 feet of film and numerous illustrated slides and a competent lecturer who travels with this big special attraction, insuring one of the most instructive exhibitions, so near to every American's heart, it will be over an hour show, and the prices so small, balcony, 5 cents; down stairs, 10 cents. "Remember the Maine" Monday, Tuesday and Wednesday nights, April 1st, 2nd and 3rd at The Temple.

Dean Trew returned to Los Angeles this morning. He is temporarily filling the vacancy caused by Rev. W. H. Wotton's removal to South Pasadena. Ben Riesland was a Los Angeles visitor today. James Willis Rice was a passenger on the 9:10 Los Angeles car this morning. Mr. and Mrs. R. C. Dawes and Mrs. Elmer Burns were among Santa Anans going to Los Angeles this morning via the trolley line. Homer Peek had business in Los Angeles today. Mrs. J. P. Hatfield went to Los Angeles this morning in response to a telegram received from her husband at Albuquerque, saying he would get into Los Angeles this afternoon via the Santa Fe. Mr. Hatfield was called to Louisville, Ky., three weeks ago by the death of his mother. Rev. J. A. Stevenson spent today in the Angel City. Mrs. E. E. Vincent was a Los Angeles visitor today. Mrs. George Halderston is spending the week at Long Beach. Mrs. F. W. Caldwell, nee May Wright, is spending a few days here as the guest of Mr. and Mrs. L. P. Hicks. The Caldwells live in San Diego, but Mrs. Caldwell is out on a visit to her parents, Mr. and Mrs. S. C. Wright of Hollywood, as well as her Santa Ana friends. Mrs. Hoyt Hall returned last evening from a several days' stay in Los Angeles. Mr. and Mrs. Sanderson of Amherst, Mass., and Mrs. H. A. Terwilliger of Stanton, spent Saturday with Mrs. M. F. Rowell. W. L. Grant and B. W. Grant spent Sunday in Long Beach and witnessed the flying achievements of Glenn Martin. Geo. L. Bates of the local Real Estate agency, went into Los Angeles today with W. E. Ward, to bring down a new 5-passenger "Reo the Fifth," just sold to Mr. Ward. Dr. J. W. Shaul returned yesterday from a ten days' trip to Utah and Nevada, returning via San Francisco. Miss Alma Yoren of Anaheim was an over Sunday visitor at the home of the R. J. Elliotts of G Street. Rich Marple and "Foot" Collins were Los Angeles visitors yesterday. Mr. and Mrs. W. F. Lutz returned last evening from Los Angeles. Mrs. Ida Burt was a returning passenger on an electric car coming in from Los Angeles early last evening. Mr. and Mrs. Howard Turner came home last evening from an over-Sunday stay in Los Angeles. Rev. Watry was an incoming passenger last evening on the trolley line from Los Angeles. William Bowman returned last night from a three days' visit in San Diego.

EXPLAINED THE SHEPHERD PSALM

Madame Mountford Gave Fine

Exposition of Great Psalm

—Will Lecture Tonight

Filled to its holding capacity, an interested audience finding places in auditorium, Sunday school room and gallery, the First Methodist church was thrown open last night to the distinguished lecturer, Madame Mountford Lydia Mamroff Von Finklestein (Mountford), whose subjects are the Bible and Holy Land. She interpreted that beautiful piece of biblical literature that has been the stay and comfort of thousands of world-wide people, the "Twenty-third Psalm." The audience was deeply moved by her rendering of the "Shepherd Found the Sheep was Lost and Carried it Home on His Shoulder."

Expressions of appreciation of the splendid lecture were heard on all sides and of the light thrown on the Shepherd Psalm. Madame Mountford made plain the fact that the sheep knew not the voice of strangers, also that the shepherd led the sheep and gave each one a name to which each responded.

Tonight Madame Mountford will continue her lectures on the life of Christ by speaking at the church on "The Nativity," showing the sort of a marriage contract Mary and Joseph entered into, and displaying a set of royal swaddling clothes, making plain many passages of scripture. No admission is charged to these lectures, but a silver offering is taken. No one can really afford to miss these fine talks by so entertaining a speaker.

STEAMER ADRIFT

ON PACIFIC WITH

BROKEN RUDDER

SAN FRANCISCO, March 25.—The Matson line steamer Enterprise is adrift four hundred miles off San Francisco with her rudder shaft broken. A wireless message appealed for aid and the steamer Laurine is hastening out, and should arrive on the scene about 8 o'clock tonight. It is believed there will be no danger unless heavy seas should prevail.

The Enterprise, commanded by Captain Yangren, sailed for Hilo last Saturday with three thousand pounds of freight but no passengers. The latest wireless message from her stated that smooth seas prevailed and no immediate danger threatened.

ALLENS GUARDED AGAINST BY COURT HOUSE OFFICIALS

HILLSVILLE, Va., March 25.—Unusual precautions to guard against a raid at Carroll County Courthouse when the trial of Floyd and Victor Allen begins tomorrow, are being made by the county and state authorities. Fear that the Allen gang will again descend on the courthouse and renew the fighting, the militia will remain on guard. Richmond detectives are still searching the mountains for the outlaws.

LEMON CASE WAS MADE FARCE TODAY BY STENOGRAPHER

LOS ANGELES, March 25.—James Peabody, the veteran statistician of the Santa Fe, occupied the witness stand throughout the morning session of the lemon rate hearing before Judge Mack of the Federal Commerce Court. He endeavored throughout to show the dollar rate to be confiscatory.

Peabody and the attorneys for the railroads and the growers, talked of millions like postage stamps, and juggled figures uselessly for three hours. After Peabody had testified that the value or cost of the Santa Fe system up to June 30, 1911, was \$597,219,311, and that the stock dividends to the same time were \$15,641,156, Judge Mack found a stenographic error in the transcript and after consideration, ruled the entire discussion void.

AWAY UP IN CITRUS TRADE

London is Well Pleased With Sun Kist Oranges Sent From Anaheim

ANAHEIM, March 25.—California oranges are regarded as the aristocrats of the citrus trade in the London market. The above report is from Manager Sandiand of the local orange association, who was formerly a resident of London, where he was interested in the marketing of California oranges.

The report from the English metropolis is that the Anaheim Sun Kist fruit, which has been forwarded, is much superior to Spain's crop. London owns the best foreign market for fine California oranges. The best California citrus fruit has been aptly described in a London newspaper as "the aristocrat of the orange world."

London cannot secure enough of the California oranges to supply her demand and much disappointment is felt by reason of the scarcity. The European manager of the California Fruit Growers' Association has used every possible endeavor to secure the crop for London, but without success. What little there is of it is meeting exceedingly remunerative markets in New York and other parts of America. Under the circumstances the best seedless oranges are scarce and dear, and likely to remain so. Having dangled the dainty morsel before the expectant English public, cruel California now withdraws it just as it is about to bite.

JUST IN TIME

Some Santa Ana People May Wait Till It's Too Late

Don't wait until too late. Be sure to be in time. Just in time with kidney pills. Means curing the back. Before backache becomes chronic. Before serious urinary troubles set in.

Doan's Kidney Pills are what you need. Here is testimony to prove their merit.

S. H. Whitehead, 607 W. First St., Santa Ana, Calif., says: "A great many people have called upon me to learn about my experience with Doan's Kidney Pills and at such times I have always recommended this remedy in the highest terms. For several years I was troubled by a weak and painful back. If I did any lifting or overworked, I suffered from sharp twinges through my loins. I also had much trouble from the kidney secretions, the passages often being too frequent, then again just the reverse. Doan's Kidney Pills, procured at Dean's Drug Store, helped me at once and it was not long after beginning their use that I was entirely relieved."

For sale by all druggists—Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

We are here to stay and are not connected with any other laundry. The People's New Laundry, 901 E. Fifth St. Both phones.

BUSINESS CONDITIONS AT ANAHEIM WERE NEVER BETTER

New Buildings and Demand for Furniture Indicate Healthy Growth of the Community.

ANAHEIM, March 25.—Business conditions were never better in this city before than they are right now. The recent rains that have fallen have made the people feel good for it has assured good crops for the next year. In all lines of business this month has been extremely good. Furniture men say there is a great demand for furniture and good furniture at that. One jeweler said that since the rain he had had a big run on diamonds which were being bought for the buyers' own use. There is scarcely a vacant store room to be had. On the contrary there are at present two new business blocks going up.

Joe Helmsen is building a new brick building 70x30 feet on East Center street. This building has already been leased for three years. N. Hart will spend from \$1200 to \$1500 in renovating his property at present being occupied by the blacksmith shop. Improvements will be put in making a modern store front.

In large public, or semi public buildings being built, there are two new buildings which will aggregate a sum of \$75,000. One will be erected by the Sisters of St. Dominic on West Center and will be a girls' seminary to cost between \$40,000 and \$50,000. The building will occupy a whole city block and will be either two or three stories high. Plans are now being worked on for immediate construction. This past week the committee who have been looking for a new Y. M. C. A. building site have purchased three lots near the center of town, and plans are being prepared for this building. It is planned to have store rooms on the lower floor and the club rooms in the upper stories. In this way the building will be made self-supporting. It is planned to spend \$2500 on the building.

In residence property much activity has been begun since the rains. Although it dropped off a little in the dry month of February the building has begun to take hold again now. A

contract has just been let for a new \$4000 residence in the Eygabroad tract to Herman Melcher, contractor, by M. C. Hansen. Many new houses are just now being completed and the owners are moving in. The class of residences being built are generally speaking of a good solid type, many being large and running from \$2500 to \$4000.

The present sewer system now being constructed by the city is a big improvement and one which will go a long way in attracting tourists and home seekers. The system will not only be laid in town but is also being constructed to the city's sewer farm southwest of this city.

The new polytechnic high school has not been occupied but a short time, and for a well equipped and beautiful building this high school would be hard to beat from the point of equipment and architectural beauty. The real estate market has been very good. Since the rains much activity has been shown and many sales of ranch property have been made by the wide awake real estate men in this city who are not afraid to advertise Anaheim property throughout the country. Many customers have been brought here and having become interested have either bought or made arrangements to buy in the near future.

Plans are also under way for piping natural gas from the oil fields to this city for both lighting and fuel purposes. Experts who have examined this supply of gas say that the gas is available and could be secured at reasonable expense to the consumer.

Another proposed development of the city is the electric line between Ontario and the valley points down through Brea canyon, Fullerton, Anaheim, Orange, Santa Ana, and on to Newport harbor, which the U. S. government has appropriated money with which to survey the harbor. The chances are the very best that money will be appropriated to dredge the harbor and make it first class.

for next Sunday, but a game will undoubtedly be played.

CHILD IS TAKEN FROM HER MOTHER

FULLERTON, March 25.—Agnese Rameriz, a nine-year-old child who was cruelly beaten by her mother, has been taken from the custody of her parent by order of the superior court and placed in the Catholic Children's Home in Los Angeles. Mrs. Rameriz is out of jail on a \$100 bond and will be tried for battery April 5.

ANAHEIM PERSONALS
ANAHEIM, March 25.—Mrs. Shirley K. Sloan of Los Angeles is visiting for a few days at the home of G. W. Terry and wife. They took a delightful auto trip to the canyon yesterday. They report that everything is beautiful and the roads are fine.
J. W. Duckworth was in San Bernardino Saturday.
M. P. Justice, formerly employed by J. S. Begham, the barber, has taken a shop of his own in Brea canyon. Ed. Kennedy is again working for Begham.

OLINDA WON FROM THE HAMBURGERS
OLINDA, March 25.—The Olinda baseball team defeated the Hamburgers of Los Angeles yesterday at this place by the score of 9 to 3. The game was full of excitement and a good crowd witnessed the game.

MAY NOW SERVE AN OLD SENTENCE
ANAHEIM, March 25.—A Mexican by the name of J. Castillo with a twenty day sentence hanging over him, was again taken into custody Saturday night. He was picked up while drunk in the barn of Mr. Schindler where he was apparently evidently trying to steal the horse.

CATARH CANNOT BE CURED WITH LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

MONEY TO LOAN

NOTICE TO VOTERS
The great register of Orange county, for the year 1912, as well as every other county in the state of California, is now being compiled. All voters who expect to participate in the general election, to be held on November 5, 1912, for the purpose of electing electors for president of the United States, and for certain state and county offices, must register on or before October 5. Registration closes for the presidential primary election April 13, for the state primary election August 3, and for the general state election on October 5.

W. B. WILLIAMS, County Clerk.

Address The Enterprise, Noblesville, Ind.

One of the best buys in the City of Santa Ana: 11 1/2 acres, nearly all full bearing walnuts. Pretty fair 6 room house. Place is water stocked. Soil is finest, location is splendid for a home. It is very close in. Price is ridiculously low, \$14,000. One-half cash, balance to suit.

McKEAN & SHAMPANG
312 East Fourth St. Phone, Red 1911.

SPRINGTIME

Brings big doings in the Yucaipa Valley. Planting fifteen hundred acres more to apple trees, putting in surface crops, completing the great gravity domestic and irrigating water systems, grading homes of streets, building scores of homes on the 5 and 10 acres ranches all make it look mighty interesting to visitors and prospective investors. You ought to see the valley in the springtime, that is, if you want to see a great sight. Now, next week, THREE TRIPS
Tuesday, Thursday, Saturday, March 26, 28, 30. One day for the round trip. At Redlands we take our big automobiles for a free trip through the valley and show you the whole outlay, dinner at the Yucaipa Tavern in Yucaipa City, and see famous Redlands, Riverside and San Bernardino on the return trip. The expense is only \$3.40. Remember all kinds of crops are grown in the Yucaipa valley. The soil is the very best, so is the water supply. Sold on easy payments. A good market right at home for everything you grow. A few hundred dollars starts a rancher in Yucaipa. Schools, stores, churches, growers' club, transportation, home market. Cool in summer, warm in winter. No fogs, no damaging winds. Right here in Southern California. That's enough. Prices will double inside of two years. Make your money work.

Schooley & Schenck

AT THE COURTHOUSE

WHIDDEN IS ITS SECRETARY

Highway Commission Organizes for New Term—Minnix Arrested

The Orange County Highway Commission on Saturday reorganized for the new term by electing M. M. Crookshank president, G. A. Whidden secretary and D. S. Halliday engineer. Crookshank and Whidden were re-elected, and Whidden takes the place of R. T. Harris, who died a few weeks ago. The salary of the secretary was fixed at \$15 per month. Halliday is drawing no salary at this time.

The acts of the commission have been submitted to the Board of Supervisors for approval.

Divorce Matters
Beatrice Stockton with Clyde Bishop as her attorney has brought suit for divorce against Everett Stockton.

An interlocutory decree of divorce was granted today in favor of Mary

Sanford, a Spanish woman, against Louis Sanford, for desertion.

Minnix Arrested
Constable Jackson arrested E. S. Minnix and has put a charge of habitual intoxication against him. Minnix may be sent to the inebriates asylum at Patton. His hearing is on Wednesday.

To Plead Guilty
Nazario Mendosa has given notice that he will plead guilty to forgery on Wednesday, the day set for his trial by jury. He forged several checks passed by him at Anaheim.

DIED

DIETRICH—In Santa Ana, Saturday, March 23, 1912, Julia C. Dietrich. Funeral at 2 o'clock today, from Mills & Winbigler's chapel. Rev. Ashley of Garden Grove will be in charge of the service.

JETT—In Santa Ana, Saturday, March 23, 1912, Mary E. Jett, aged 58 years. Funeral at 3 o'clock Monday from the chapel of Mills & Winbigler. Rev. Bentley of Orange will conduct the service.

TRACEY—At the County Hospital, Monday, March 25, 1912, Edward Tracey, aged 40 years. The body will be held at Mills & Winbigler's, awaiting funeral arrangements.

WIG—At Orange, Cal., March 23, 1912, George Helwig, aged 77 years. Deceased was a retired contractor and a brother of B. R. Helwig, a cement contractor of Orange. Upon his return from a walk Saturday afternoon, his wife noticed that he looked ill and called assistance, but he had passed away before a physician arrived.

BUCK—In Los Angeles Friday, March 23, 1912, Richard Buck, aged 26 years.

Funeral Tuesday, March 26, 1912, at 10 a. m., from Smith & Son's chapel. Deceased was a brother of Joe Buck, recently deceased.

MATHEWS—At her home in Santa Ana, Sunday, March 24, 1912, Mary E. Mathews, aged 49 years. Funeral Tuesday, March 26, 1912, at 2 p. m., from the Smith & Son chapel.

IN THE JUSTICE'S COURT

SOMETHING TO THINK ABOUT

Young Man Gets Into Trouble Again, has Sentence Over His Head

Ernest Litten will have to behave quite correctly else he will have to go to jail for six months. Policeman Ryan took him off a Los Angeles electric car on its arrival here last night, and this morning Detective Churchill of the Pacific Electric swore to a complaint charging him with detaching a seat of the car. Litten cut the seat with a knife. The youth pleaded guilty, and Justice Cox read him a lecture and sentenced him to six months in jail, but withheld the commitment during good behavior.

REVIVAL SERVICES GROWING IN POWER

The revival services at the First Christian church are growing in intensity and power day by day, almost hour by hour. The services yesterday were largely attended by appreciative audiences. Mr. Lowe grows on one. He bears acquaintance well. During his sermon yesterday he said:

"The Christian religion began with the cry of a child, 'An infant crying in the night, an infant crying for light, with no language but a cry.' I wish you might get the picture; the sleeping shepherds on the mountain hills of Judea, the sheep huddling in the shadows, the drowsy tinkling

of the bells; suddenly the shepherds start, aroused by that sweet song which this old world must hear more and more—'A Savior is Born.' The shepherds say, 'Let us go and see.' The wise men come from afar and wisdom kneels at the shrine of childhood. Sometimes I like to think that over every birth chamber the star of Bethlehem shines, and wise men are forever coming from the East. I want you to feel with me the tenderness of the gospel. Paul said before Agrippa: 'I would that not only thou but all that hear me this day were such as I am except these bonds.' These words are divine in their nature. They express a sentiment that could not come from man. Men do not think and talk that way. Paul would say: 'I want you to have my joy, peace, salvation but not my bonds. I will keep the chains.' Are you not drawn, are you not won by a love like that?"

The sermon tonight will be on "The Meanest Man in Santa Ana."

Equals
The Rev. Anna Howard Shaw said recently in Philadelphia of an opponent of coeducation:

"Perhaps he objects because he is aware that equal education does away with man's superiority. The average man, of course, won't be superior to the average woman when they are both equally educated. His assertions won't be accepted then unquestioningly."

"Indeed, his assertions already are beginning to be questioned here, and there. Thus there was a young chap at the seashore who, on being refused by a beautiful girl, said:

"You have broken my heart."
"But the girl, a medical student, laid her white hand lightly on his breast a moment and then shook her head and said:

"No; there isn't the least evidence of organic lesion. I notice a slight palpitation, due no doubt to excessive use of cheap cigarettes, but otherwise the organ is quite perfect."—Washington Star.

NOURSE NAMED AS A DEPUTY

Former Santa Ana Given Important Position in Attorney General's Office

Attorney John T. Nourse of San Francisco has been appointed a deputy attorney general under Attorney General U. S. Webb of Sacramento. Nourse's services as a deputy in the state law office will commence on April 1.

Nourse's appointment is of unusual interest in Santa Ana, for the reason that Nourse was raised here, and is a graduate of the Santa Ana High School with the class of 1899. He is also a graduate of Stanford University, and has served a number of years as a deputy in the office of City Attorney Percy Long of San Francisco. Nourse's father was a pioneer postmaster of Santa Ana. In politics Attorney Nourse is an insurgent Republican.

ACTOR SUICIDES AT SEA ON WAY TO U. S. FROM ENGLAND

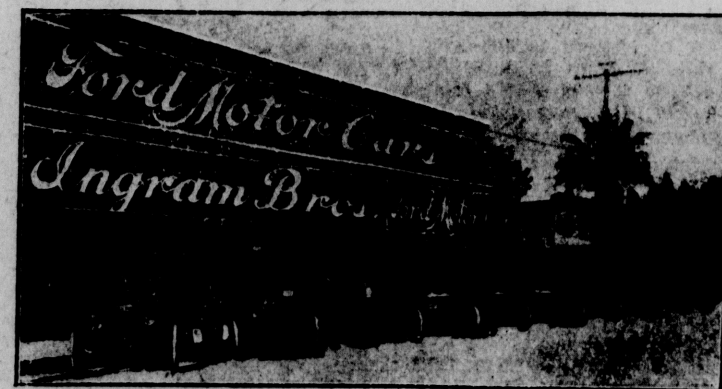

NEW YORK, March 25.—Charles Sterling, an English actor who was coming here to appear in vaudeville with his Irish terrier, Patsy, killed himself aboard the steamship Campania of the Cunard line, which arrived here yesterday. He was buried at sea Saturday.

Patsy, the dog actor, will be taken back to Liverpool and turned over to the British authorities there.

Getting Even
J. Henry Peck emerged from the voting booth with a triumphant smile. "This equal rights stunt is a great business," he remarked to a friend. Then, glancing around carefully and drawing nearer, he whispered: "I voted against my wife!"—Milwaukee Sentinel.
